I am not quite sure
that opinions are re-
quired to be called for.

It is possible to
leave Madras Terri-

It is unfair that
our imports should
be treated as though
they were transac-

Subd to Secty, with a draft addressed to the Comptroller.

As to the first question whether the Durbar will assent to the purchase of opium from the Govt Storehouses in the Madras Presidency, it is probable that the practice of obtaining the drug from Ingore prescribed by the Govt of India in their letter No- 95 I R dated 21st Novr 1879 to the late Chief Comr of Mysore (No 26) File no 341 of 92 may change therein requires the sanction of the Govt of India

As to the 2d point a route from Indore avoiding the Madras Presidency by Kandwa, Mannar, Doudkhedgi, Gadag and Hubli, may be adopted

tions of private traders. I think that we should respectfully insist on the exemption being continued and if necessary ask that the matter should be referred to the Supreme Govt.

As for the alternative of purchasing from them, Madras Govt, I do not see how that would make a difference to them. Both Malwa & Madras Consignments will have to come through the intervening area; and if smuggling can be prevented in the transit from Madras Stations to Mysore or

from Malwa to Madras
Sts, it is difficult
why the same or similar
measures must be effi-
cacious now.

If we are to alter
the present procedure,
I think it best that we
shd request the Resy
to procure the drugs
and then give it to us,
instead of our applying
to Madras for it.

The Excise Commr & the Comptroller were accordingly requested to favour the Govt with their opinions on the matter. In reply the Excise Commr says that he sees no objection to the ~~purchase~~ supply of opium being obtained from the Storehouse at Madras, if it can be sent therefrom promptly and without any inconvenience and additional cost in price, transit charges &c. The Comptroller ~~says~~ states as follows' —

(1) The railway fare from Malwa to Bangalore via Raichur and Guntakal, a distance of 952 miles at parcel rate is ——— Rs 89-3-6
Insurance charge - - - - - 50-0-0.
Rs 139-3-9.

(2) If obtained through Haribar a distance of 1032 miles, the parcel charge (89-3-6) and the Insurance charge would both come to Rs 144-3-6.

If obtained from the Malwa Merchants,

(3) Railway fare (92-13-0)
and Insurance charge (55/-)
from Malwa to Madras (1053 miles)
would be Rs 147-3-0

to this again should
be added Railway fare
(28-9-0) and Insurance
charge (15-0-0) from
Madras to Bangalore or Rs 43-9-0

making the total cost of
getting 5 chests of opium
from ~~Malwa~~ Madras Rs 191-6-0.

He further states that if
the present route (or no (1) is
abandoned, the next best
~~route~~ is the Haridar route,
unless the Madras Govt is
prepared to sell opium to
the State at the Malwa rate plus
only the Railway fare to Madras
i.e at a rate not more than
Rs 100/- in all over Malwa
rate.

Note. The Comptroller means thus:-
If the present route is abandoned the
next best is (the Haridar route which
would cost) Rs 144-3-6. Even if
we get the drug from Madras, the cost
should not exceed this amount which
would be the case only when only the
railway fare is charged from Malwa to

both Railway fare & Insurance charge
(Rs 43-9-0) will be paid.

of time and cost are nearly the same as at present there is certainly no objection to be found by ~~the~~ Government upon the continuance of the present route or the alternative suggesting the Hanchar route - On this point the information before us is incomplete & we require clearer necessary - I would refer to the Resident on the subject if addressed by the Govt —

(Office note continued)

As directed above, ~~that~~ ~~necessary enquiries were made~~ it was proposed in this Office letter to Residency, that if the Madras Government agree to supply Opium for the same price and cost of transport as

at present, and without
any delay or inconve-
nience, the Darbar would have
no objection to obtain
their supply of the drug
from the Madras Govt
Store houses. With reference
to the above ~~enquiry~~ proposal,
the First result to the Honble
the Resident, in his letter
of the 18th December last
requested to be informed,
of the total cost per ~~lb~~ lb of
38·8 Tolas at the place
of import ie at Bangalore.
The residency was informed
in this Office letter no $\frac{9740}{\text{Ex } 3410 f 95}$
dated 19th December 1901, that
the cost per lb of 38·8 tolas
of opium obtained from
Indore, at the place of im-
port viz Bangalore, was
Rs 5-8-11, including the

Sl no 311

Railway freight of

Rs 4 – 3 – 6

The J. Assistant in his present communication intimates that the madras govt. is ready to supply the Darbar with opium at the rate quoted viz Rs 5 – 8 – 11 per pound of 38·8 tolas including the railway freight to Bangalore, subject of course to ~~such~~ such enhancement in the price as the market may render necessary. and enquires whether the arrangement proposed by the govt of madras is accepted.

The proposal made in the letter makes it incumbent on the Darbar, that any such enhancement in the price as the opium market renders necessary shall be accepted, but ~~nothing is~~ no mention is made as to whether the Darbar are entitled to the benefits arising from any reduction in the

price of opium.

The proposal made in this office letter runs as follows:— Sl no 300

"If it (Darbar) can get it (opium) from the Madras Store House by paying the same price and cost of transport as at present & without any delay or inconvenience, the Darbar does not propose to ask for a continuance of the present practice".

"~~At the~~ "The same price" evidently meant the cost price at Malwa, & the market value.

It is however said that every endeavour will be made to maintain one rate for the whole year and that minor variations will not be taken into account.

Submitted with a draft for approval or orders

P. J. C.

13/2/02.

(Office note continued)

In the draft to reply sent to Residency, it was stated that the Darbar would accept the arrangement proposed by the Madras Govt. It was also added, that fluctuations in only the cost-price of opium at Indore would be taken into account, minor variations being overlooked.

The first draft to the Resident in Mysore, in his letter under acknowledgement proposes to approve the procedure laid down in the proc^s of the Board of Revenue being followed in regard to the supply of opium to the Mysore State and enquires whether the Darbar agree to the fixing of the rate of opium supplied to them by the Madras Govt. at Rs 5-9-0 per lb.

The procedure laid down in the resolution of the Board of Revenue is this:—

The most convenient way of supplying opium to the State would be through the officer in charge of the Resident's Treasury.

2 Whenever the Darbar want a supply of opium, they should pay the cost price as fixed by Government from time to time into the Resident's Treasury and present an application to the Resident accompanied by the Treasury receipt for a pass under the opium Rules. The pass should in the first instance be sent for the specified quantity of opium by the Resident to the Board, who will direct the officer in charge of the Govt Storehouse to despatch the required consignment to the officer

in charge of the Residents Treasy

It is apparent that after arranging for necessary verification of each consignment, the Resident will direct the Officer in charge of the Resident's Treasury to pass it on to the Officer to be deputed by the Darbar.

So the procedure is all right & there is no dispute about it, as long as the opium is obtained without delay & inconvenience.

Secretary's query. Is the price fixed according to our proposal?

We have ~~so doubt~~ stated in our letter to Residency (Sl. no 312 in the file) that the cost price per lb of opium at the place of import — viz Bangalore would be Rs 5-8-11. The Madras ~~Govt~~ have agreed to supply us at Rs 5-9-0 fixing

* taken from the Comptr's Accounts.

the price in round figure, at-
least in annas. For what-
period this rate ~~was~~ is fixed
is not stated in the Board's
proceedings, but it is said
that the payment should be
made in accordance with
the cost price to be fixed
by Govt from time to time.
Our contention is that while
minor variations may be
overlooked, the fluctuations
in the market value of opium
in Indore, should be taken
into account, that the Madras
Government have agreed to
our proposal is perhaps to be
inferred by the words —
" pay the cost price as
fixed by Government from
time to time." In view of this
view of the question, a draft
is submitted agreeing to the
proposal made by the Madras
Govt is submitted for approval

Will you please refer to your letter No.14812-Ex.F.1-95 dated the 7th March 1902 regarding the supply of opium to the Mysore State through the Government of Madras.

The last sentence of paragraph 1 of your letter runs as follows:- "It is understood that fluctuations in only the cost price at Indore, will be taken into account". Is this intended? Could not the sentence be omitted, as it seems hardly necessary?

The Comptroller forwards a receipt having paid Rs 4000/- in payment of price of opium indented from the Madras Govt. Store-house for which a draft to the Residency.

18/11/03.

The draft above referred to was approved and is now (vide page Fl. No 20).

The Residency has been written to for the supply of opium (719 lbs. 2 oz.) indented for by the Comptroller in his previous communication (vide paper Fl. No 19.).

The present reference from the Comptroller seeks instructions in the matter of meeting "the indents of the Residents Treasury" for the supply of opium & there, "as was the case hitherto when supplies were being obtained from Malva"; under the rules sanctioned by Govt vide No 363. Ex 7.8.1902 & 5.11.1903. Under the old system, the consignment of opium from Malwa

used to be received direct by the State Burgen Treasury & the wants of the Resident's Treasury complied with by the former, the actual cost of course being recovered from the latter.

Now that the consignment of opium required by the Durbar is issued only from the Resident's Treasury under the new arrangement (vide Bmbr Secret. to paper marked "A") there seems no necessity for continuing the old practice of our supplying the indents of the C & M. Stn. As however this question was not raised in the correspondence relative to the present change of supply, the Residency may not like the idea of continuing to our supplying their indents, perhaps because they may otherwise have to pay some small extra on account of transit from Hyderabad to Bangalore & drayage and the consignments they receive on our account are sent to us in bulk.

The Rs 4005 was calculated at the old rate of Rs 5-9-0 per lb. The rate having been increased to Rs 6-2-0 per lb from 1st Aug 1904 the Govt amount viz Rs 4005 then now to be paid.

Notes

From information obtained from the Madras Treasury the opium seems to have been received there on the 14th of May last.

Copy of a letter No.495 dated the 12th June 1901 from the Secretary to the Government of Madras, Revenue Department, to the Hon'ble the Resident in Mysore.

I am directed to acknowledge the receipt of your letter Camp No.7 dated the 6th ultimo regarding the import through Madras territory of opium consigned for the Mysore Province.

2. In reply, I am to state that the States of Travancore, Cochin, Pudukotta, Sandur and Banganapalle have agreed to the purchase of the opium required for their territories from one of the Government Storehouses in this Presidency. If the Mysore State imports its opium through Madras territory, there will be left open a source of danger to British revenue which this Government had hoped to close, In spite of every precaution taken to prevent fraud, cases of smuggling on the pretext of import have occurred, and it is on this account that it has been arranged so far as this Presidency and the Native States mentioned above are concerned, to import the drug on Government account and to prohibit import by private persons. I am therefore to enquire whether the Durbar will not on re-consideration assent to the purchase of its supplies from the Government storehouses in this Presidency, or if this is not practicable, whether the opium which it requires may not be obtained from Indore by some route which does not pass through the Madras Presidency.

Copy of letter No.Camp 7 dated the 6th May 1901, from the Resident in Mysore to the Secretary to the Government of Madras, Revenue Department.

I have the honor to acknowledge the receipt of your letter No.318 dated 11th February 1901 enquiring whether the Mysore Durbar have any objection to the prohibition of the passage of opium through the Madras Presidency.

2. The supplies of this drug for consumption in Mysore are at present obtained from the Deputy Opium Agent at Indore by Railway via Khandwah, Manmad, Dhond, Raichore and Guntakal, on requisition from the Durbar through this office. Every precaution is taken to prevent peculation en route, the consignments are covered by invoices of which I enclose a specimen copy, the chests are sealed, their weight and contents are tested on arrival, and there are further subsequent tests as a check upon consumption.

3. Under the circumstances, there does not appear to be any appreciable risk of opium in transit from Indore to Bangalore being smuggled into Madras districts before it reaches its destination. The Durbar hope therefore that the Madras Government will see its way to exempting opium thus consigned from the prohibition it is intended to introduce.

X Please see separate half sheet attached

2. Railway fare &c calculated on 1142 lbs of opium of 10 half chests consigned in October 1900, the following result has been arrived at.

(1) Railway fare from Malwa to Bangalore via Raichore and Guntical, a distance of 952 miles; at parcel rate, as per page 98 of the Madras Railway guide for July 1901, is Rupees. 89-3-6

Insurance charge page 117 50-0-0

Rs 139-3-6

(2) Railway fare through Harihar a distance of

032 miles at parcel rate is rupees .. 89-3-6
Insurance charge 55-0-0
Rs 144-3-6

(3) Railway fare from Madras to Bangalore at parcel rate is rupees 28-9-0
Insurance charge rupees 15-0-0
Total Rs 43-9-0

To this the following has to be added..

Mileage from Malwa to Madras is 053 miles. Parcel rate is Rs 92-13-0
Insurance charge 55-0-0
Total 147-3-0
Grand total Rs 191-6-0

It will thus be seen that it will be advantageous if the Malwa opium is obtained through Haribar line. as there will be considerable savings to Government, if the Raichore and Guntkal is abandoned.

The enclosures are herewith returned.

Dated Bangalore, 3rd September 1902

Sir,

4/9

With reference to correspondence ending with letter, No.14812-Ex.F.1-95, dated the 7th March 1902, (321) from the Secretary to the Government of Mysore, General and Revenue Departments, I am directed to forward a copy of the papers noted on the margin, and to state that the Resident proposes to approve the procedure laid down in the proceedings of the Board of Revenue being fcllowed in regard to the supply of opium to the Mysore State.

Letter No.1499 dated 13th June 1902 from the Government of Madras, Revenue Department, with enclosure.

Letter No.2170 dated 22nd August 1902 from the Collector, Civil and Military Station of Bangalore.

2. I am to enquire whether the Darbar agree to the fixing of the rate of opium supplied to them by the Madras Government at Rs.5-9-0, per lb.

I have the honour to be,

Sir,

Your most obedient servant,

L. Russell.

First Assistant Resident.

Copy of letter, No.1499, dated the 13th June 1902, from the Secretary to the Government of Madras, Revenue Department, to the Hon'ble the Resident in Mysore.

I am directed to acknowledge the receipt of your letter, No.2309, dated 25th April 1902, regarding the supply of opium to Mysore from the Government Storehouse at Madras.

2. With reference to paragraph 4 of your letter, I am to forward a copy of Board's Proceedings No.914 R., dated 19th May 1902, describing the procedure to be followed in obtaining a supply of opium. I am to express the hope that it will meet with your approval.

3. In paragraph 2 of my letter, No.271, dated 27th January 1902, it was stated that opium would be supplied to the Mysore Darbar at ₹5-8-11 per lb. It will be convenient if the rate be fixed at a round figure at least in annas. I am to suggest ₹5-9-0 per lb.

resolution.-

In answer to C.O. No.393 Rev. dated 5th May 1942, the Board begs to state that the most convenient way of supplying opium to the Mysore State would be through the Officer in charge of the Resident's Treasury. It would recommend the following procedure.

2. Whenever opium is wanted, the Darbar may be required to pay the cost price as fixed by Government from time to time, into the Resident's Treasury and present to the Resident an application, accompanied by the Treasury receipt, for a pass under Rule 17 of the Madras Opium Rules. The pass should authorize the Officer in charge of the Resident's Treasury, as the Officer to whom the Opium is to be sent in the first instance, to obtain a specified quantity of opium, and should be forwarded to the Board by the Resident, with the treasury receipt for the cost price. The Board will have the pass countersigned by its Secretary and will forward it with the receipt to the Storehouse Officer, Vendiarpet, at the same time advising the Resident of its having done so; and the Storehouse Officer will issue the opium direct to the Officer in charge of the Resident's Treasury. The Resident may be asked to arrange for the verification of each consignment immediately on its arrival and for the result of the verification to be intimated without delay to the Storehouse Officer.

Signed/ A.H. Graham.

Asst. Secretary.

42

Copy of letter, No.2170, dated the 22nd August 1902 from the Collector, Civil and Military Station, to the First Assistant to the Resident in Mysore.

In reply to your letter, No.3419 of the 24th June last I have the honour to state that after consulting the Excise Superintendent and the Officer in charge of the Resident's Treasury, I do not see any objection to the procedure laid down in the Madras Board of Revenue Proceedings, No.914 R. dated 19th May 1902, being followed in regard to the supply of opium required for the Mysore Darbar. The Treasury Officer will arrange for the necessary verification of consignments received here.

Sir,

I am directed to acknowledge the receipt of Mr. Nanjundayya's letter No. 420-Ex F.8-1902, dated the 23rd November 1903, forwarding a treasury receipt for ₹4,000/- and asking for a supply of opium from the Government store-house at Tondiarpet.

2. It has been ascertained from the Board of Revenue, Madras, that it will be more convenient if the Durbar were to ask for a specific quantity of opium and to deposit the exact price thereof rather than pay in a lump sum with the object of getting as much opium as may be covered thereby. I am therefore to return the treasury receipt, and to request that, for the reason stated in your letter No. 445-Ex F 8-1902, dated the 3rd December 1902, the exact quantity of opium required on the present occasion may be intimated to this office at a very early date.

3. Formerly consignments were being received direct by the State Engineer Treasury from Malwa; but under the new arrangements the Hon'ble the Resident" Treasury receives the consignments in the first instance from the port Store House at Madras and transmits them to the State Engineer Treasury. As the Hon'ble the Residents' Treasury receives consignments now from the port Store-house, the question is whether it will make its own arrangements to procure the Supplies required by it.

It would be a simpler procedure, I am to suggest, for the Resident to instruct the Treasury to procure the supplies for the C's E. State Service locally from the Merchants who sell to the Residency Treasury.

MGCPB 1,006—4-1-04.

Letter No. 501, dated the 17th May 1904, from the Secretary to the Government of Madras, Revenue Department, to the Hon'ble the Resident in Mysore.

In pursuance of the arrangement referred to in paragraphs 2 & 3 of your letters Nos 2309 and 5412, dated 25th April and 27th September 1902, respectively, I am directed to request that you will be so good as to inform the Mysore Durbar that, from 1st May 1904 until further notice, the price that will be charged to them for opium will be ₹6-2-0 per pound of 38·8 tolas. This action has been rendered necessary by the increase of the price of opium in Bombay due to lowness of stocks and to partial failure of the crop. It is reported by the Board of Revenue that the average cost of one hundred chests of opium recently obtained by it from Bombay has amounted to ₹11-2-1 per pound including the pass duty of ₹5 and that there is no near prospect of any fall in prices in the Bombay market.
